

Ermes Light line with optic

LED linear module designed for use in all ERMES system profiles. Made with a multi-cell linear system, these modules guarantee controlled luminance with a UGR <10. Available in two lengths, two color temperatures, On-Off or DALI. The module can be integrated with the other devices of the Ermes family, making it versatile for different applications (residential, commercial, industrial) allowing you to create highly personalized lighting configurations that can be adapted to any need.
